CREAMOS ... **PORQUE** ... CREEMOS

MISSION

Ignite and generate progress for Ecuador with foundations in innovation, professional excellence and strong ethical principles.

VISION

To be an international holding recognized by its business excellence and strongly held values.

VALUES

Faith in our country and compromise with its development, integrity, creativity, teamwork, and perseverance.

INTERNATIONAL HOLDING

Nobis Consortium

Established in Ecuador in the year 1997. It is a solid and innovative international holding engaged with the country's development. The companies that integrate it are leaders in different business branches, among them are: Agroindustry, Real Estate, Commerce, Tourism, Hospitality, and Social Responsibility.

ISABEL NOBOA

President – Nobis Consortium

Isabel Noboa de Loor inherited her business vision, perseverance, and set of principles and values from her father, Mr. Luis Noboa Naranjo. Her outstanding arrival in the business world turned Nobis Consortium into one of the most important holdings in Ecuador. Her achievements have been recognized by important international consulting companies and high prestige media.

“We have a compromise with Ecuador and with each of the countries we invest in, offering high quality products and services for our clients. We stand for solidary and effective business management that contributes to society’s wellbeing by means of direct actions to improve health, culture, ecology, employment and the overcoming of urgent community matters.

Our work compass is the principles and values that lead us to innovate and improve our management, assuring the augmentation of our organization’s patrimonial value.

“WE HAVE A
COMPROMISE WITH
ECUADOR AND WITH
EACH OF THE COUNTRIES
WE INVEST IN...”

The most valuable resource and cornerstone of our success has always been our human capital. We value our team and strive to offer them a wholesome environment for their development, including permanent professional growth opportunities, because we know that our company’s success is the result of our people’s constant work and dedication.”

AGROINDUSTRY BUSINESSES

Founded in 1884, Valdez is established as Ecuador's first Sugar Mill, as well as the country's oldest business company.

As of today, it represents almost a third of the national sugar market. To achieve efficiency and high quality standards, millions of dollars were invested in the acquisition of the first Diffuser in Ecuador.

This Diffuser modernized the extraction of cane juice, creating a positive environmental impact and improving work conditions in the mill. Thanks to the continuous improvement in processes and use of the latest technology, it is Ecuador's most efficient sugar mill. It has been under Nobis Consortium's direction since 1996, and possesses the ISO 9001:2015 - Quality Management System certification.

It became the first Ecuadorian sugar mill to achieve the ISO 14001:2015 – Environmental Management Systems certification and possesses the OHSAS 18001: 2007 Occupational Health and Safety Assessment Series certification, as well as the FSSC 22000 Food Safety System Certification.

Valdez is also the only sugar company in the country to seize the INEN certification Seal of Quality for its white sugar and raw sugar (brown sugar) products. It received the “Punto Verde” Recognition awarded by the Ministry of Environment of Ecuador to the companies that stand out in environmental care. Valdez produces and sales, among other added value products, Stevia sugar to local and international markets.

MALL DEL SOL

Since 1997, the shopping culture of Ecuadorians changed with the opening of Mall del Sol, Guayaquil's biggest shopping mall and one of the most important malls in the country. Located in the heart of the city of Guayaquil and surrounded by modern hotels, corporate offices, hospitals and medical practices, Mall del Sol is connected by many quick access routes like Ave. Juan Tanca Marengo and Ave. Joaquín Orrantia. It is 5 minutes away from Jose Joaquin de Olmedo International Airport and the Simon Bolivar Convention Center. Mall del Sol is the shopping center with the first place in brand memory in the country.

FOUNDATION

Mall del Sol opened its doors on December 3rd of 1997, being the biggest shopping mall in the country.

2019

Mall del Sol expanded its construction in 2019 with an addition of more than 9,000 m², offering family entertainment and household items sales with two big format shops.

The ground level holds the mega format of the national chain stores Pycca, who carry household items and decoration with modern concepts of design.

In the upper level of the newly built area, you will find the chain store Big Mr. Joy, an international brand of family entertainment with an extension of 3,200 m² distributed in 3 floor levels.

400 additional parking spaces were added, doubling the parking spaces available by the Ave. Constitución.
